Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application after a decision by the Board of Patent Appeals and Interferences, but before the filing of a Notice of Appeal to the Court of Appeals for the Federal Circuit or the commencement of a civil action. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 07/24/2007 has been entered.

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is the inclusion of the limitation first and second continuous beads extending completely around the outer edges of upper and lower insulating structures, the upper and lower insulating structures each including upper and lower cloth-like layers with insulating material sandwiched therebetween, an impermeable pouch located between the upper and lower insulating structures and the first and second continuous beads forming upper and lower lips positioned in passive, non-sealing engagement with each other. This limitation is found in all the claims and is neither anticipated by nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
